

Income Strategies Academy, LLC Disclaimer

Income Strategies Academy, LLC and the Income Strategies Academy, LLC Web Site (referred to hereafter as "ISA") is published as an information service for subscribers, and it includes opinions as to buying, selling and holding various stocks, options and other securities. However, the principals, publishers, employees, affiliates and expert recommenders (hereafter referred to as "associates") are not brokers or investment advisers, and they do not provide investment advice or recommendations directed to any particular subscriber or in view of the particular circumstances of any particular person. The information provided by ISA is obtained from sources believed to be reliable but is not guaranteed as to accuracy or completeness. Subscribers to ISA services or any other persons who buy, sell or hold securities should do so with caution and consult with a broker or investment adviser before doing so.

At various times, the associates of ISA may own, buy or sell the securities discussed for purposes of investment or trading. ISA and its associates are not liable for any losses or damages, monetary or otherwise, that result from the content of the ISA website or any ISA materials or publications. Securities discussed by ISA should be considered speculative and contain a high degree of volatility and risk.

Options involve risk and are not suitable for all investors. Prior to buying or selling an option, a person must receive a copy of Characteristics and Risks of Standardized Options (ODD). Copies of the ODD and OCC Prospectus are available from your broker, by calling 1-888-OPTIONS, or from The Options Clearing Corporation, 440 S. LaSalle Street, 24th Floor, Chicago, IL 60605.

Investors need a broker to trade securities and options, and must meet suitability requirements. Past results are not necessarily indicative of future performance. Performance figures are based on recommendations made by ISA. Due to the time critical nature of options trading, brokerage fees, and the activity of other subscribers, ISA can not guarantee that subscribers will mirror the performance stated on ISA goals, targets, track records or promotions. Any performance numbers shown are based on trades subscribers could enter based on ISA guidelines.

The results posted for any ISA model portfolio are hypothetical. They are based on the price when the play was published by ISA, and the price when dropped by ISA. ISA can not guarantee that any person bought or sold the actual security for the prices listed in the newsletter, or on the Web Site. The prices listed in the newsletter and on the Web Site are the prices at the time of the transaction, unless a specific target or entry price was reached during that day. Investors may receive greater or lesser returns based on their trading experience and market price fluctuations. The prices listed are for reference only.

The information contained on the ISA website is provided for general informational purposes, as a convenience to the subscribers of the ISA website. The materials are not a
